## PRESIDENT'S REPORT

Success in any competitive situation does not "happen". Thorough planning, hard work and the will to win are the vital qualities required to achieve it.

I'm delighted to say that these qualities were evident in this club last year.

The season just concluded has seen us serve our apprenticeship in marshalling these qualities to the point that we can enter the 1981-82 season with the strength required to achieve the ultimate in success both on and off the field.

The will to win was evident with six teams representing the Club in their respective semi finals.

The A Grade won the coveted Kevin Sullivan cup by leading the premiership table at the end of the Qualifying rounds.

The Second Grade took all before them and won their premiership.

The Third Grade fought their way into the Semi finals.

The Fourth Grade missed the finals when they lost three games by a total of seven runs. The Fifths and Sixths combined to win the Club Championships in the Suburban Turf Competition.

The Under Sixteens earned their way into their finals.

We are proud of the personal success achieved by Kim Hughes on his appointment as Captain of Australians. Terry Alderman on his selection to the Australian touring side. Kevin Sharp winning the W.A.C.A. batting aggregate and the Umpires fairest and best award. Giles Bush's selection in the State Squad.

These are but a few of our players who have strived for and achieved success last year.

As this is my final annual report to you as President I must pay tribute to those on the committee and the players who have supported me so well during my term of office.

To the local government who have assisted us and to the sponsors who have supported us I say thank you.

I am grateful to have had the opportunity to serve this Club as President.

RICHIE G. HANN  
PRESIDENT

## CAPTAINS REPORT

### FIRST GRADE

With the knowledge of Kim Hughes and Terry Aldermans heavy State and Test commitments and the loss of Ian King to the A Grade side our chances for the 1980-81 season could be viewed with interest.

The start of the season saw poor form and frustration. However the side won their games through determined efforts by individuals when the pressure was on.

Jim Hubble, ever reliable with the bat and in slips, Dennis Ireland contributing strongly to the bowling attack and Giles Bush, bowled splendidly all year.

The new year saw our Batsmen contribute solidly, led by Kevin Sharp who won the WACA batting aggregate with 750 runs, they were able to amass sufficient runs to win.

The dry summer saw the wickets harden and our bowlers had difficulty achieving the same penetration they enjoyed prior to the Christmas.

Despite these factors we lost two games during the season and finished on top of the ladder before going into the finals.

Brilliant individual performances by Kim Hughes of 150 NO against Scarborough and Terry Aldermans 7 wickets against Fremantle combined with Peter Jones top display of wicket keeping and his determined use of the bat were not enough to win us the flag. Unfortunately we let ourselves down in most departments.

Over all our players were a model to our lower sides, we played as a side, we played the game hard, but never outside the laws.

I thank the players for their support for a most enjoyable year.

GLEN HUGHES  
CAPTAIN

## CAPTAINS REPORT

### SECOND GRADE

The seconds completed the 1980-81 season by winning a premiership, a just reward for effort. The clubs prime concern at this level of cricket is to groom and develop young players, so that they may gain experience and know what competitive spirit is all about.

Our season commenced slowly, and it was not until after Christmas that we played as a team with everyone contributing. The younger players gained confidence, and good performances resulted in six players being promoted to the senior side.

It was also in the latter half of the season that Warren Rolf withdrew through other sporting committments, and I commend him for his great effort to that point.

Finally, I extend my personal thanks to Neil Bolton, Harold Christensen and Graham Stafford for their assistance to me and the team throughout the season, and to our team manager, Mr Mitchell.

REG STATHAM  
CAPTAIN

## CAPTAINS REPORT

### THIRD GRADE

The 1980/81 season saw the third grade finish in third position. This enabled them to reach the semi-final which they unfortunately lost to Claremont-Cottesloe.

In the final analysis it was our inconsistency with the bat that cost us a place in the final. The team had a number of "potentially" good batsmen who failed to produce any big scores throughout the season. Because of this we regularly bowled at low targets. The general standard of batting was not good enough to put pressure on the 2nd grade batsmen which is not a healthy situation. During the season only one player "amassed" over 300 runs, Ross Bolton 310 and 3 other over 200, John Fitzgerald 287, D Shilbury 259, and Tony Mazza 207. Dennis Medley was in and out of various teams throughout the season but finally settled for third grade. Dennis has proved he is a very capable third grade bat and with a little time and effort should be a regular member of the second grade side. Dennis scored 164 runs from 7 innings at an average of 32.80. In the end John Fitzgerald took out the third grade batting average 28.70. John relished the opportunity of a drop down the list, as well as his younger brother looking like scoring more runs than him, to finish the season with some big scores.

On the credit side, the teams bowling efforts were nothing short of outstanding regularly bowling sides out for under 150. A newcomer to the club this year 'Bluey' (Hook and Slice) Parker added pace and fire to our attack. On many occasions it was noted that not many of the opposition batsmen were particularly interested especially on a bouncy Alderbury wicket, not to mention the slips standing on Oceanic Drive. Brad took 30 wickets. However the real star with the ball was Phil Hayden who finally put his mind to taking wickets and that he did 32 at an average of 9.12 including a haul of 7-12 and 6-22.

Phil was rewarded by promotion to seconds and eventually a Toyota match before entering matrimonial bliss at the peak of his career. These two were well supported by Dave Phillips 23 wickets (who found a few more unknown muscles during the season) Dave Raven 16, D. Shilling 15 and Spud Tate 15 who impressed us with his own variety of leggies as well as taking a 'catch'. Spud will no doubt put plenty of pressure on the selectors for a position in second grade next season.

If the bowling was good then it was generally matched by an impressive display of fielding throughout. The concentration levels of some also improved as the year progressed. The team had a number of keepers over the season with backstop Bolton taking 15 catches (one which should have been mine), the veteran of third grade Peaky Mazza showed early form in taking 16 catches while young Mark Hudson and Greg Fitzgerald show plenty of promise with the gloves. The importance of batting skills together with keeping will become very important.

To conclude I would like to thank all those players who played thirds this year for the support they gave me both at training and during matches.

I've no doubt we will again be big contenders for the flag next season.

DAVID SHILBURY  
CAPTAIN

## CAPTAINS REPORT

### FOURTH GRADE

The 1980/81 season can only be described as a very disappointing and unlucky one. The side only managed five wins for the season which included the last three. However, three games were lost by a total of seven runs and another was washed out when poising for victory.

Dropped catches and concentration were the main causes for a lot of losses.

To the credit of the side, these were eliminated in the final three games where the side recorded three impressive victories. Two were against the top side (who only lost two games for the season) and another side who was just outside the four.

Batting during the season was very topsy-turvy, one week the side would make over two hundred. Peter Williams, Larry King, Mark Hudson and Darryl Mansfield were the consistent performers during the year.

Throughout the season, the team had a strong bowling attack, but too often the lower batsmen were able to stick around and add runs where their top order batsmen had failed. This happened in three or four matches where victory was the for taking. This was the result of a lack of concentration, poor fielding and catching by the team. Graham Tate, who took an incredible 35 wickets in six games, Phil Richards who took 24 wickets and Alan Mellor were the pick of the bowlers.

There were many players who played their first season in pennant cricket, and with the experience they have had, all goes well for next season.

Mark Hudson, Phil Richards, John Hurst, Mal Gibson, Greg Catlin, Andrew Milne and Tony Samuel are some of the young players with bright futures.

I would like to thank Larry Davies and the players for their efforts and support during this season. I look forward to next season with the view of promising signs to the future.

L.J. KING  
CAPTAIN

CAPTAINS REPORT

FIFTH GRADE

The Subiaco Floreat fifth grade team finished 4th after the qualifying round and were defeated in the Grand Final.

Towards the end of the season this team under the leadership of Alan Bolton played very good cricket and in the first semi-final defeated Applecross who had been undefeated this season and last season.

The blend of youth and experience combined very well and several players in this team are capable of playing a higher grade of cricket which will benefit our club in the future.

Promising young players are consistent batsman Andrew Milne and bowlers Greg Catlin and Mal Gibbson who improved greatly this season.

A. BOLTON  
COACHING COORDINATOR

## CAPTAINS REPORT

### SIXTH GRADE

The Subiaco Floreat sixth grade team finished on top after the qualifying round and were unfortunately defeated in the last semi-final.

Under the keen leadership of Kevin Heenan the team was on top of the ladder for almost the entire season.

Special mention should be made of David Costin who contributed to this team throughout the season was very significant.

There were not many champions in this team however all players gave their upmost and more importantly enjoyed playing cricket for the club. It is this spirit which made this team and the club strong.

KEVIN HEENAN

CAPTAIN

## SUBIACO - FLOREAT JUNIOR CRICKET

### ANNUAL REPORT 1981

It is my pleasure to report that once again, the Junior Section of the Club has increased the number of its teams in the field from 36 in 1979/80 to 40 for the 1980/81 season. It is flattering to note that adjoining Clubs have asked permission to place teams in our competitions because of having not sufficient strength in their own, for example Nedlands have two teams playing in our Under 14 Grade and Claremont-Cottesloe one, while Scarborough has one team in our Club District Under 16 competition.

Already there is promise of additional growth for the 1981/82 season as Scarborough have asked approval to include three teams, instead of one, in our Under 16 local competition while Woodlands, which is now in Subiaco-Floreat territory instead of Scarborough's, will transfer at least one Under 12 and an Under 14 side to us at the beginning of next season. The Subiaco Police Boys Club hope to increase their single team which started last season to about four.

So junior teams in the Subiaco area are gradually developing as the Police Boys teams will be added to the two teams from Jolimont and one, named Subiaco, which comes from the Shenton Park-Wembley locality.

With these, and hopefully other teams we should reach the half century next season.

The winners of the various Shields were well distributed throughout the District which shows the game is played in a very competitive spirit which is good to see with Marist Black winning the Under 16 Richie Hann Trophy, Wembley Downs the Under 14 Maroon Frank Bird Perpetual Shield, Marist Blue the Under 14 Gold Ray Young Perpetual Shield, Subiaco - Floreat the Under 12A Waldo Turner Perpetual Shield, and City Beach Black the Under 12B Floreat Park Junior Cricket association Shield.

The thanks of myself and members of the Junior Council must go to the Perth City Council, the Stirling City Council, the Subiaco City Council and to Newman College, Hale School, and the University of Western Australia as well as the Jolimont and City Beach Primary Schools for the use of their wickets, and facilities, and thanks also for the support and encouragement of senior members of the Club, particularly Richie Hann, who as our extremely busy President always made himself available for advice and assistance whenever required.

In conclusion it is to be regretted that we were not able to repeat the previous seasons success in winning the McKenzie Shield because it is these W.A.C.A. Competitors that give the Club prestige. However in all age groups we were never lower than second place on the points table and it will be our aim to put Subiaco-Floreat on top for the 1981/82 season.

WALDO TURNER  
CHAIRMAN

## DISTRICT REPORT - U/16

The District team took all before them this year. They finished on top as minor premiers only losing the one match. However early season glory came to a shattering end when they were beaten by Fremantle in the semi-final. This came as a very big disappointment to all concerned.

All was not lost because a number of fine players were prepared to enter the senior ranks which will strengthen the club again. From the team 3 boys earned state representation. They were M. Secourable (Captain) and G. Fitzgerald (Vice captain) who were selected in the state U/16 team which toured Tasmania. Also T. Breman was selected at State U/15 level. Congratulations go to these boys on behalf of the club.

In the batting department 5 boys scored over 200 runs, and two over 300 while 4 averaged over 30. These were some outstanding performances:

M. Secourable 119x65,63, G. Fitzgerald 75, 58, 44, T. Breman 71, 64, 69, 63, A. MacNish 75x, 45 and J. Collen 53. In the end the batting average went to M. Secourable 32.25.

In the bowling department, a fine young off spinner has been uncovered in Martin (Dilip) Croft. Martin won the bowling averages taking 24 wickets at 11.87. There is no doubt that if Marty continues to work on his games as he has done he will be right up there in a few years time. Paul Osborne 21 and Steven Neiken 18 offered good support with the new hall.

The fielding standard would do credit to any of our senior teams. Their disciplined approach especially when things got a bit tough was outstanding.

One of the young boys was eventually selected in the third grade side. This was because of his consistency shown with the bat as an opener and wicket keeping ability.

The boy was Greg Fitzgerald who scored 379 runs from 11 innings and took 20 catches and 2 stumpings during the season. This earned him the award of U/16 'Cricketer of the Year'.

There is no doubt that a lot was achieved with the U/16s this year. They have been moulded into a well disciplined group of boys who proudly represent the club and who, the club can feel proud of when such boys represent the club.
