#### **GRAHAM LEES**

As this report goes to press it is with the deepest sadness that we report the death of our esteemed life member Graham Lees.  $\frac{1}{2} \int_{\mathbb{R}^{n}} \frac{1}{2} \int_{\mathbb{R}^{n}} \frac{1}{2$ 

Graham was a most dedicated club member and was the A  $\operatorname{\sf Grade}$  scorekeeper for many years and a former player.

We will always remember Graham with the greatest of respect.

#### PRESIDENT'S REPORT

This season was one in which the club could only describe as disappointing from an on field point of view with the 3rd Grade Team being the only one to reach the finals.

We must not allow this year's performance to become the measuring stick and all members can be assured that the Committee and Coach, Peter Gonnella will do everything within their power to ensure that all teams perform at higher levels next season.

Off the field, however, we have had great success in that the sponsorship, financial and social achievements have ensured that the club is in a sound financial position.

The members can be proud of the high calibre and performance of their committee and supporting members have assisted in the off field activity. In particular I would like to thank Jan Plaisted, Margaret Payne, Jim Rule and Graham Lees.

There have been proposals put forward from the WACA that in future years that the Club should amalgamate with Claremont-Nedlands and whilst players, members and the Committee are opposed to any such proposal we must commit outselves to the club on an off the field so that we can retain our proud and rightful identity.

KEVIN PAYNE President

#### FIRST GRADE CAPTAIN'S REPORT

The 1992/93 season would be one the A-grade would prefer to forget, having finished last with only two wins from 12 attempts.

It would be remiss of me to sweep our collective performances under the carpet and ignore what transpired.

In brief, the failure of the batsmen to score consistently cost us many opportunities to create a contest. The bowlers fared better, but they too struggled on occasions.

From our 12 first innings results in the Mt Newman League, the Subi-Floreat batsmen produced 2165 runs at 28.25 per wicket, or 221.33 runs per game.

A glaring factor in these statistics is the difference of only 40-odd runs per game between Subi-Floreat and the opposition. This means that, on the surface, the level of improvement needed to become more successful could hardly be described as a big ask.

But the problem goes deeper.

An honest appraisal of our season would reveal that most, if not all, of our A-grade players let themselves down badly in the preparation.

There was not one training session during the season when all A-grade players were in attendance, and that was reflected on the scoreboard.

Where to go from here is clear cut — either we make the small sacrifices required to lift ourselves out of the doldrums or we elect to play social cricket elsewhere for a middle per run or wicket.

With our club's survival on the line, the Subi-Floreat A-grade record in 1993/94 will have a direct influence on the WACA's plan for the future of the competition.

The challenge is there. I believe we have the natural talent but it remains to be seen if we still have some old-fashioned desire and application to go with that hidden ability.

On a positive front, the gradual maturing of Gavin Swan into a respected down-wind or into-the-breeze opening bowler and the pre-Christmas batting form of newcomer Richard Moran were promising signs.

Once again, Greg Fitzgerald's wicketkeeping stood out in a class of its own. He is without a doubt the next best gloveman in WA after Tim Zoehrer.

Several young players were given a taste of A-grade but, in fairness to them, in order to develop into a regular A-grade players it is up to the senior players in the team to do more, both on and off the field, so the youngsters can feed off their hard work.

From an overall club point of view, our social functions were well supported, especially the quiz night, international beer night and Christmas dinner.

The club trip to Bunbury was also a good weekend, despite the wash-out.

Thanks to the committee, Graeme Lees, David West and the ladies for their considerable efforts around the club, and a special mention of appreciation to former president Ron Burgess, who was a steadying influence and provided great assistance to yours truly and whose retirement from the vice-presidency will be a sad loss to the club. Hope you don't make yourself a stranger Ron!

PETER GONNELLA

#### SECOND GRADE CAPTAIN'S REPORT

When looking back on this season it would have to be said it would be one of mixed feelings.

We started off well by winning the first game and then just as quickly started sitting back thinking things would happen by themselves. After Christmas, by training with more purpose, placing value on our wickets and bowling consistently, the side moulded into a committed, very strong side. The last five or so games were most satisfying with the introduction of some talented youth and the consistency and flair of the senior players. I have no doubt that the side which played in the last two games was the best in the competition. This is what saddens me as I'm sure we have missed out on a premiership. I am proud to say however that this side had the best team spirit I've had the pleasure to be a part of which reflected in our last few sessions of play.

Nick Rule proved to be by far the most outstanding batsmen with two centuries and rarely a failure. Nick was also very supportive and I would like to thank him for his input this season. Richard Moran and Michael Simpson went on to play successfully in the 1st XI while we saw the emergence of Alistair and Brad Barnes and Andrew Worland as players of the future. With this group of players Subiaco-Floreat's batting future is in good hands. Ross McQueen and Tony Flynn also flirted with success but it is time that they, and other players of their standing, decide whether they want to keep drifting between 2nds and 3rds or make that extra commitment to play at the next level.

Joel Murphy, for the most part of the season was our most consistent bowler and his wicket tally reflects this. If Joel keeps working on his bowling and the other parts of his game keep improving, I'm sure he could consistently play at this level and higher. Richard Catlin burst onto the scene and improved with every game, while David Harris showed he is more than just a talented batsman.

Finally, I would like to thank Peter Gonnella for his help and support, all those committee men for their involvement on match days and all the ladies for afternoon tea. I would however, like to give my most sincere thanks to all the players for a most enjoyable year and I know that this enjoyment willbe even more when I see the players from this year succeed at higher levels.

ANDREW KIELY

#### THIRD GRADE CAPTAIN'S REPORT

As a debutante to the position of captain at Subi-Floreat, the current year was a learning experience and I wish to thank the players and administration for their help and support.

With a great deal of apprehension I accepted the position of captain of the third grade after "Budge" took a year off to test the ski slopes in the Swiss Alps.

The team started the season slowly and then came home with wet sails by winning the last six games before the finals.

The season can be categorised into the following:

#### Highlights

- making the finals
- some great pressure batting from Danny O'Regan during the season
- seeing players improve and establish themselves in higher grades
- James (Michelle) Tranter finally donating his match shorts to the team after the final
- seeing the Third Grade "Whishies" take a shower after the final
- Kirky answering the University's "mancat" problem by hitting the ball out of the park
- seeing Scotty Powell wearing shoes
- the lunches provided at Alderbury by Mum Payne and Mum Plaisted.

#### Lowlights

- losing the final.

#### Batting

As a team we batted well all year which was reflected in the high averages of a number of individuals. The teams batsmen contributed consistently and players, such as Ross McQueen, set a great example early in the year for the other players to follow. My apologies go to the guys who batted down the order and received limited opportunities to prove their undoubted abilities with the willow.

#### Bowling

As a team we consistently dismissed our opporition cheaply and yet not one bowler in the grade took enough wickets to qualify for the W.A.C.A. averages.

As the captain I tried to consider all of the players as bowlers which gave me variety in the attack and options to use when we needed wickets. By using the less recognised bowlers in the team, it improved team spirit and made the more recognised guys lift their game. My appreciation goes to Kirky and Young "dog" Swan for giving their best efforts week after week. The improvement in the bowling abilities of Martin Nice added great support to the more recognised bowlers and hopefully one of the most talented batsmen in the club can develop a further string to his bow.

#### THIRD GRADE CAPTAIN'S REPORT (Continued ...)

Cricket is a team game and as a team we were only as strong as our weakest link. No matter how well we performed as individuals, if the team lost, then all the members of the team did not do enough. We achieved success because all of the members of the team contributed. The contributions do not have to be match winning on their own but every additional effort puts pressure on the opposition and pressure wins games.

As Captain I would like to highlight the efforts of guys like Tim Beattie and Scotty Powell. Tim had a poor season by his own standards with the bat and ball but by lifting his fielding, Tim took some classic catches close to the wicket and made "luck" happen for the team.

Scotty after a year off, returned with high hopes of hitting every ball out of the park only to find it was harder than he had remembered. To Scotty's credit he worked hard on his bowling and fielding to again exert pressure on the opposition and also create some "luck" for the team.

Finishing third on the ladder, we could have considered ourselves unlucky not to have made the grand final. To me, luck has a lot to do with the all of the little things and hard work that you do which are rewarded with some onfield success. We lost a vital game early in the year to Midland Guildford by one run after being in a match winning position. The loss stopped us from finishing on top of the ladder and having the advantage of determining preceedings during the rain affected finals. From this, we live and learn so that hopefully we can set our ambitions higher to achieve a premiership next year.

Most of the players playing in Third Grade have the ability to play first grade provided they set their minds to the tasks. The ability to concentrate harder and perform consistently is what holds them back. The poor performance of the first grade team in the current season is not just attributable to the guys who played in that grade but also to the guys in the lower grades for not putting the pressure on the players for their positions. As a club we all need to lift our work rate to put pressure on ourselves and our teammates to perform and therefore put pressure on the opposition and win games.

During the year there were a number of guys who made my job significantly easier. Their ability to lead from the front, keep everyone on the ball and let their team mates know when they had let everyone down was appreciated. To Danny O'Regan, Chris Payne, Ross McQueen, Paul Kirk etc., I thank you.

In summary, third grade had a good season, a great team spirit and a grateful captain who looks forward to playing in the finals next year.

G. O'BRIEN

#### FOURTH GRADE CAPTAIN'S REPORT

Won 7 Lost 5

The season started brightly for the 4ths, for the first time in many a year the club had an excess of players and the 4ths were able to field strong teams in their opening matches.

By Christmas, the 4ths had only lost games to the two teams who eventually contested the Grand Final, were playing good cricket and looking seriously for a place in the final four. With two rounds to go, the 4ths had to win both games to qualify for the finals. With the pressure on, the 4ths collapsed, played poor cricket and suffered two crushing defeats.

It was a disappointing way to finish the season, after being competitive and in contention for the greater part of it. A major contributing factor was due to the injuyr, unavailability and disappearance of numerous players throughout all grades. At a time when the 4ths should have been fielding it's strongest side, it struggled to field eleven players. Playing as the 4ths did, with only ten players does not give a team the necessary confidence it needs to play positive cricket, to win games to qualify.

A 4th grade team is only as strong as the playing depth of it's club. Until the Club once again has 44 or more players willing to commit themselves to play every match in a season, the 4ths will struggle to be successful, and more importantly, so will the Club.

This season, the 4ths found themselves winning games due to the efforts of it's batsmen rather than it's bowlers.

In the first part of the season the batting was dominated by Chris Payne and Goeff Hann. Chris scored 422 runs at an average of 70.33 from 6 innings. He set a club record score of 268 with a superb innings against Fremantle. Chris continued to score runs when promoted to 3rd grade and it is to be hoped that with the confidence he has gained from his fine season that he makes an all out effort to play 1st grade next season. Geoff Hann had an extraordinary season which was interrupted by illness. He scored 346 at 86.5 from 5 innings, was unlucky to score 98 twice, as well taking 11 wickets at an average of 18.36. David Richter (257 @ 36.71) and Peter Farley (344 @ 33.4) were reliable and consistent, while Murray Nixon (276 @ 25.09) and Bernie Le Tessier (259 @ 21.58) also had useful seasons.

Wickets proved hard to come by all season, only Justin Swan, who took 10 wickets at an average of 14.20 in three games, showed ability to crash through a side. Paul Pudovskis bowled lhis medium pacers well on occasions, taking 12 wickets, including a 6 wicket haul against Melville. Other bowlers who made useful contributions during the season were Greg Catlin (13 wickets), Matt Kiely and Peter Farley (8 wickets each), and Murray Nixon and Chris Isles who both took 7 wickets. In all 16 players took wickets during the season.

Overall the standard of fielding in the fourths was poor, in some players technique was non-existent, and this needs to be addressed by the coaching staff early next season.

One of the most encouraging aspects of the season, was the number of junior players who made their senior debuts for the club, batsman Steve Wright, allrounder Chris Isles and batsman/wicketkeeper Nick Plaisted all made significant contributions to the team during the season and all three should continue to improve next season. Paul Courtis and Simeon Botsis also impressed in limited appearances.

Thanks to the 23 players who turned out for the 4ths during the season. Hopefully the younger players learnt something to improve on for next season and the older players enjoyed themselves sufficiently to play on.

**GREG CATLIN** 

#### **COLTS REPORT**

After being runners up in the 1991/1992 season, the Colts team did not reach the same level of success for the 1992/1993 season. From three games played we won only one.

The main obstacle to victory was the inability to take sufficient wickets. Captain Tim Beattie took four wickets at a tidy average of 13.75 whilst Robert Campbell and Justin Riley took three each.

The batting was of a higher level and some good performances were recorded. Andrew Worland scored 124 runs at an average of 41.33 whilst half centuries were made by Alistair Barnes - 54, James Tranier - 53, and Jock Wilberforce - 53.

The 1993/1994 season should see a more mature team represent the club and a better performance can be expected.

#### RESULTS

SUBI-	FLOREAT	9/175	lost to	XClare/Neds	4/176
"	"	6/221	lost to	Fremantle	1/224
"	"	7/196	defeated	5Th Perth	8/184

#### JUNIOR COUNCIL REPORT

1992-93 was a successful season for Junior Cricket and perhaps marks a turning point for the future of junior cricket in the District.

The highlight of the season was the success of the Under 13's Inverarity Shield team coached by Alan Bolton which remained undefeated throughout the year, winning the grand final against Rockingham Mandurah by 7 Wickets. Notable performances included David Bolton's 81 in the final.

The strength of Junior Cricket in the District was exemplified by the performance of the local junior clubs within the District namely, City Beach, Wembley Downs and Marist, whilst playing the Scarborough Districts Junior Cricket competition. Three teams from clubs in the Subiaco-Floreat District finished in the top 4 in the Under 12's and Under 13's competition and 2 in the top 4 in the Under 14's competition. City Beach defeated Wembley Downs in the Under 12's final, Marist Newman defeated City Beach in the Under 13's final, whilst Wembley Downs was narrowly defeated by Warwick Greenwood in the Under 14's final.

Kanga and Modified Rules Cricket had a good season with over 60 players participating. Special thanks is extended to Graham Stafford for the work done by him and his helpers in this area. The strength of the Local and District junior sides provide evidence that the initial training with Kanga Cricket and the Modified rules Competition properly equips young players with an understanding of the fundamentals of the game in preparation for competitive cricket.

RON BIRMINGHAM PRESIDENT

#### **VETERANS 1992/1993 REPORT**

Subiaco Floreat "Vets" again had a successful campaign winning 3 our of 4 games played. Unfortunately 2 games were washed out.

The first game against Scarborough resulted in a reasonably easy victory with our side scoring 6/150 (39 overs) chasing 148. Malcolm Lee (2/20) and Jack Cooke (2/26) were the main destroyers while Peter Simpson stole the batting honours with 81 retired. Paul Forrestal also hit a useful 34.

The second game against South Perth had a similar outcome with the opposition managing only 9/128 off the allotted 45 overs. Tight bowling by Larry King (3/25) and Neil Randall (2/7) made life difficult. Victory was achieved in only 35 overs 4/131 with Neil Randall scoring a dashing 68 n.o. (11 fours) and Paul Forrestal again contributing with 26.

The third game against Willetton was a different story. We batted first and scored a healthy 7/193 with Ross Bolton scoring 101 retired, Peter Simpson 25 and John Fitzgerald 25. We always knew our bowling was suspect that day and Willetton proved that right. They smashed 4/197 in only 35 overs with one of their players also scoring a century.

?The fourth game against University ended in a comfortable victory chasing runs. University batting first made 6/162 (our Kerry Darragh scoring 31) while Malcolm Lee was again miserly with 1/5 six overs) and Larry King taking (2/21). We made 5/165 (40 overs) with Graham Stafford 43, John Fitzgerald 42 n.o., Paul Forrestal 27 and Peter Simpson the main contributors.

The highlight of the "Vets" season is always the Richard Wilberforce Memorial Match between former Subiaco CC and Floreat Park CC players. Subiaco CC won the inaugural match in December 1990 and has followed; this with success in 1991 and again this year 1992. Former Subiaco players take great delight in these victories and issue another challenge to the Floreat old boys to lift their game. A copy of that scorecard is on page 28.
